

# IWWI STACY GIERE CLINIC

JULY 10,11<sup>TH</sup>, 2021 HOOSIER HORSE PARK, Edinburgh, Indiana

Managing and operating a full service boarding and training facility in Brecksville, Ohio on her 7<sup>th</sup> generation inherited farm, Stacy Giere is a seasoned trainer and equine enthusiast to the bone. Stacy is a fierce competitor who truly focuses on each equine's potential and individual development. She is at times brutally honest with owners and students which allows for quality of communication though-out.

Stacy attended Ohio State University, where she received a BS in Education, focusing on PE K-12. She then pursued a MA degree in Education for physical and mental disabilities. Both of her degrees continue to open doors and new pathways for her teaching and training around the country.

Stacy's focus has developed from riding hunter jumpers, to breed show accomplishments, to combined driving and the pleasure driving world, with championship titles in all. Even though she loves to compete, her focus is on training, exposure and quality skill building for the equine athletes and their owners. Stacy focuses on helping students make safe and skill appropriate decisions.

To add to her other accolades, Stacy has recently been accepted as an Evaluator for USEF driving for the Para-Athletes. She is honored to be among such an incredible team of equestrians from all over the world.

Join us July 10 and 11 at Hoosier Horse Park for driving instruction with Stacy Giere.
